

C72157-A24-A21-0-18

noise voltage weighted : measured with J 78, peak valued  
 $p_{ger} \leq -85$  db

power supply : 24 V, battery or power supply  
unit, admissible ripple  $< 5$ mV

current consumption : approx. 90 mA

max. admissible ambient temperature:  $+60$  °C

design : SITRAL module size II  
dimensions 40x144x170 mm  
weight about 1 kg

electrical connection : 13-pole T2706 (Tuchel)

fuse : 0,2 A DIN 41571

broadcast designation : W 295 b

transistors : 3xBCY 58, 6xSST117, 3xBCY 66
